When home isn't possible,
MMH's Swing Bed program
may be the answer...

SWING BED PROGRAM

The next step in recovery, close to
home.

Our History

Melissa Memorial Hospital, is a 15-bed critical access hospital located in Holyoke, CO. Our excellent and compassionate team and Medical Staff are committed to providing you with the care you need. We value integrity, collaboration, courage, service, passion, and ownership.

What is Swing Bed?

The Swing Bed program at Melissa Memorial Hospital provides individualized, sub-acute care and/or physical rehabilitation when you have been in the hospital but are not well enough to go home or residential facility. The team will help you improve your optimal level of strength, well-being, and functioning so you can return home to or residential facility.

Whether you've had surgery at Melissa Memorial Hospital or another hospital, you can recover close to home at Melissa Memorial Hospital where we'll help you get back to doing the activities you enjoy.

Medicare

Medicare will cover up to 20 days in full and up to an additional 80 days with a patient co-pay if the criteria are met. The maximum coverage by Medicare for skilled care is 100 days per illness.

Medicare supplements will usually pay the deductible as long as Medicare continues coverage. Your coverage depends on how long you meet the criteria.

Our Program

Our approach for Swing Bed patience combines compassion and care with top-notch therapy to help our patients achieve the highest possible level of safety and functionality.

Physician Care

Physicians will oversee your care in the swing bed program. You will be seen by the physician on the day of admission if transferring from an outside facility, and then as needed throughout your stay.

Therapy

Our therapy services include Physical Therapy (PT), Occupational Therapy (OT), and Speech Therapy (ST). We provide thorough discharge planning involving family and caregivers. Individualized therapy is offered to all patients, along with collaboration and communication with their medical team.

Case Manager

The Case Manager is available to assist patients and families with any questions regarding Medicare payment, rehabilitation criteria being met and length of stay.
