

Finding the Right Successor for Dr. McCarty at Family Practice of Holyoke

At Melissa Memorial Hospital, we believe that exceptional healthcare is built on strong relationships, deep community ties, and a commitment to excellence. For years, Dr. McCarty has exemplified these values, providing compassionate, high-quality care to families across Phillips County. His dedication to his patients and this community has set a high standard—one that we are committed to upholding as we search for the right physician to continue his legacy.

Dr. McCarty has given us the tremendous gift of time, ensuring that his transition is not rushed but instead carefully planned. His thoughtfulness in allowing us the opportunity to find the best possible candidate speaks to his unwavering devotion to the well-being of his patients. Rather than simply filling a position, we are searching for a physician who embodies the same warmth, skill, and dedication that has made Dr. McCarty such a trusted presence in our community.

This is not a task we take lightly. We are seeking someone who not only has the medical expertise to provide top-tier care but also the heart to build meaningful connections with patients—someone who will invest in the health of our community for years to come. Our priority is to ensure a smooth transition so that the families who rely on the Family Practice of Holyoke continue to receive the same personal and professional care they have come to expect.

As we navigate this important process, we are grateful to Dr. McCarty for his years of service and for helping us prepare for the future. His leadership has shaped the very foundation of our practice, and we are honored to carry forward his commitment to excellence.

Melissa Memorial Hospital remains dedicated to the health of Holyoke, and we will continue to share updates as we find the right person to uphold and build upon Dr. McCarty's incredible legacy.
